YOUR TRAINING AND ASSESSMENT JOURNEY

INDUCTION AND ORIENTATION

To ensure you are ready to commence and are completely comfortable with the journey you are about to embark on your Course Facilitator and assessor will spend time with you, either individually or in a group to induct and orientate you to the program. This is your chance to ask questions, to work with the Course Facilitator/assessor to identify specific requirements you may have and to customise the program to your learning needs. You may want to choose elective units of competency specific to the workplace or industry you represent, or you may have a workplace project you want to include as part of the assessment.

You may be required to undertake a Language, literacy and numeracy foundation skills assessment as a benchmark to help the Trainer and Assessor identify specific learning requirements. The Assessment will have generic based content so that it can be used across all VET pillars without disadvantaging any student. It will be the responsibility of the student who self identifies as not meeting the LLN levels in their enrolled qualification to seek assistance.

ATTENDANCE

To achieve successful outcomes for your training, please attend every class/training session. We understand this is not always possible due to sickness, family issues and/or casual employment.

If you are unable to attend a class/training session, please contact the ASTRA Training Team to advise us of your non-attendance for that day. If you are going to be absent for an extended period, please discuss this with your Trainer.

CLASS SIZE

ASTRA adheres to a strict guideline of minimum and maximum learner numbers for each course. Courses will only proceed if the number of enrolments is sufficient. Alternatively, if a course is full, you will be provided with additional scheduled dates, or given an option to be placed on a waiting list and informed if a place becomes available.

Class size is important as it determines the acceptable ratio of Trainer: Student, which is critical to ensuring learning outcomes for all students is optimised and effective.

EXAMS AND ASSESSMENT

Qualifications/ Statements of Attainment issued in the Vocational Education and Training (VET) sector certify the achievement of competency. Competency based training focuses on what the individual can do and is based on work-related skills and requirements, and individual workplace performance.

In awarding competency, criteria are needed to measure skills and knowledge. Competency standards provide those criteria. In the context of national training packages, a competency standard is an agreed statement of skill and knowledge required to perform a specific job or job function. In

order to gain competency, the student must be able to demonstrate that they have the skills and the knowledge, and that they can apply these to a workplace context.

Competency based assessment is the process of collecting evidence and making valid, reliable, and consistent judgement that is fair to all students. It can be established via a number of ways that include, but are not limited to:

- On the job assessment;
- Portfolios of Evidence;
- Assignments;
- Oral presentations;
- In class observations; and
- Role playing / scenario.

ASSESSMENT PRACTICES

ASTRA maintains the following series of standards with regards to our assessments:

- Incorporate alternative approaches to suit people who may otherwise be disadvantaged by cultural background, language ability or personal disabilities. (special needs in this area can be discussed directly with the assessor);
- Are flexible and encourage learning to occur in a wide variety of settings;
- Will be conducted in an open, accountable and transparent manner;
- Will be fair and equitable;
- Will be conducted by qualified and authorised personnel; and
- Will be integrated into the learning process rather than being separate from it.

PLAGIARISM

Plagiarism occurs when a person passes off someone else's work as his or her own and is a serious academic offence. Examples include failing to cite an author for ideas incorporated into a student's paper and handing in an assessment piece downloaded from the internet. All plagiarised assessments will instantly be assessed as **Not Yet Competent** and students will be required to resubmit their work.

ASSESSMENT RESULTS

In accordance with the National VET Framework, results of competency assessment are indicated by either:

- **C** = Competent
- **NYC** = Not Yet Competent

REASSESSMENT

In the event a student is deemed NYC, they will be provided with feedback and assistance to gather further evidence and/or amend any corrections required. Any assessment re-submission must be provided within a timeframe agreed upon between the student and the assessor.

CREDIT TRANSFER (CT)

As an RTO, we are required to formally recognise all AQF Qualifications and Statements of Attainment issued by any other RTO from all states and territories in Australia, in accordance with the VET Quality Framework.

Where a person provides evidence of successfully completing a nationally recognised Unit of Competency that is identical to a unit currently included in a course, the learner will not be required to repeat it again. Please contact us should you wish to be accredited for prior qualifications via a Credit Transfer (CT) process.

ASTRA has a procedure to ensure that any formal recognition of previously issued Qualifications and Statements of Attainment to ensure credibility and authenticity. Please note that an ASTRA representative will contact the issuing RTO to verify any Certificates.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning (RPL) and Recognition of Current Competency (RCC) are formal acknowledgement of a person's current qualifications, skills and knowledge they may have already acquired through life, work experiences and/or previous study. These are measured against the chosen area of study and if relevant, may result in you being granted credits or exemptions.

ASTRA have a procedure in place for RPL. If you believe you may qualify for RPL/RCC, your Course Facilitator can provide further information and support you through the process.

ACADEMIC APPEALS

All complaints and appeals received by ASTRA Group Services (ASTRA) will be viewed as an opportunity for improvement.

Despite all efforts of ASTRA to provide satisfactory services to its students as the RTO, complaints may occasionally arise that require formal resolution. The following procedures provide students the opportunity to have any issues relating to a substantiated complaint or appeal resolved and resolutions reached that attempt to satisfy all parties involved. This complaints and appeals process will be at no cost to the student.

GRIEVANCES

In the event that grievances / disputes cannot be resolved internally, ASTRA will advise students of the appropriate government body where they can seek further assistance. Circumstances that may result in a grievance could include:

- Verbal abuse;
- Discriminatory behaviour; and
- Unprofessional behaviour.

Students who believe they have cause to lodge a grievance should discuss the issue in the first instance with their Course Facilitator. If resolution is not reached, an invitation is open to contact the RTO Training and Development Manager, or the ASTRA Managing Director.

STUDENT COMPLAINTS APPEALS AND GRIEVANCES POLICY

Where possible all non-formal attempts shall be made to resolve the complaint.

This may include advice, discussions, and general mediation in relation to the issue. Any staff can be involved in this informal process to resolve issues but once a student has placed a formal complaint / appeal the following procedures must be followed.

All complaints, appeals and grievance feedback must be received within 14 days of the alleged incident.

GENERAL COMPLAINTS

Any student, potential student, or third party may submit a formal complaint to the RTO with the reasonable expectation that all complaints will be treated with integrity and privacy. There is no cost for the complaints process unless it is referred to a third party.

A student wishing to submit a formal complaint or appeal can do so by completing the 'ASTRA Complaints and Appeals Form' and state their case providing as many details as possible. This application form can be gained by contacting ASTRA Administration at the RTO.

All formally submitted complaints or appeals are submitted to the RTO Administration Manager. It is their responsibility to deal with the complaint in the first instance. Complaints are to include the following information:

- Submission date of complaint;
- Name of complainant;
- Nature of complaint;

- Date of the event which lead to the complaint; and
- Attachments (if applicable).

Once a formal complaint is received it is to be entered into the 'Complaints and Appeals Register'. The information to be contained and updated within the register is as follows:

- Submission date of complaint;
- Name of complainant;
- Description of complaint / appeal;
- Determined resolution; and
- Date of resolution.

Students are able to present their case in person and may be assisted or accompanied by a support person regardless of the nature of the complaint throughout the process at all times.

Once a complaint has been filed and logged in the 'Complaints and Appeals Register' the Student Administration Coordinator shall notify the Training Manager of the complaint and provide any further documentation related to the matter.

The Training Manager shall then refer the matter to the appropriate staff to resolve or make a decision on the complaint within 10 working days and keep the complainant informed of any decisions or outcomes concluded, or processes in place to deal with the complaint.

Once a decision has been reached the Training Manager shall be required to inform all parties involved of any decisions or outcomes that are concluded in writing. Within the notification of the outcome of the formal complaint the students shall also be notified that they have the right of appeal. To appeal a decision the RTO must receive, in writing, grounds of the appeal.

The Training Manager shall ensure that the RTO will act immediately on any substantiated complaint. If the internal or any external complaint handling or appeal process results in a decision that supports the student, the registered provider must immediately implement any decision and/or corrective and preventative action that is required and advise the student of the outcome.

Copies of all documentation, outcomes and further action required will be placed into the 'Complaints and Appeals register' by the Training Manager and on the students file. ASTRA will ensure that it follows the principles of fairness and natural justice in dealing with all complaints.

APPEALING A DECISION

All students have the right to appeal decisions made by the RTO where reasonable grounds can be established. The areas in which a student may appeal a decision made by the RTO may include:

- Assessments conducted;
- Deferral, suspension, or cancellation decisions made in relation to the student's enrolment; and
- Any other conclusion / decision that is made after a complaint has been dealt with by the RTO in the first instance.

To activate the appeals process the student is to complete a 'Complaints and Appeals Form' which is to include a summary of the grounds the appeal is based upon.

This can be accessed by requesting a copy from your Trainer / Assessor, or in writing to training@astragroup.com.au

The reason the student feels the decision is unfair is to be clearly explained and help and support with this process can be gained from student administrations department.

The Training Manager shall then determine the validity of the appeal and organise a meeting with all parties involved in the matter and attempt to seek resolution where appropriate.

When appealing a decision:

- The process for all formally lodged appeals will begin within 10 working days of the appeal being lodged; and
- The Training Manager shall ensure that ASTRA acts on any substantiated appeal.

Where an appeal has been lodged it will be defined into one of the following categories and the appropriate procedures followed:

GENERAL APPEALS

- Where a student has appealed a decision or outcome of a formal complaint they are required to notify the RTO in writing within 20 working days of the grounds of their appeal. Any supporting documentation should also be attached to the appeal;
- The appeal shall be lodged through student administrations and the student administration manger shall ensure the details of the appeal are added to the 'Complaints and Appeals Register';
- The Training Manager shall be notified and shall seek details regarding the initial documentation of the complaint and shall make a decision based on the grounds of the appeal; and
- The student shall be notified in writing of the outcome with reasons for the decisions, and the 'complaints and appeals register' updated. The student shall also be provided the option of activating the external appeals process if they are not satisfied with the outcome. The student is required to notify the RTO if they wish to proceed with the external appeals process.

ASSESSMENT APPEALS

- Where a student wishes to appeal an assessment they are required to notify their assessor in the first instance. Where appropriate the assessor may decide to re-assess the student to ensure a fair and equitable decision is gained. The assessor shall complete a written report regarding the reassessment outlining the reasons why assessment was or was not granted;
- If this is still not to the student's satisfaction the student shall formally lodge an appeal by submitting a written letter outlining their reasons for the appeal. They shall lodge this with student administrations department and the appeal shall be entered into the 'Complaints and Appeals Register';
- The Training Manager shall be notified and shall seek details from the assessor involved and any other relevant parties. A decision shall be made regarding the appeal either indicating the assessment decision stands or details of a possible re-assessment by a 'third party'. The third party shall be another assessor appointed by the RTO; and
- The student shall be notified in writing of the outcome with reasons for the decision, and the 'complaints and appeals register' updated. The student shall also be provided the option of activating the external appeals process if they are not satisfied with the outcome. The student is required to notify the RTO if they wish to proceed with the external appeals process.

EXTERNAL APPEALS

- If a student is still dissatisfied with the decision of the RTO, a student may wish to escalate the matter;
- Appeals can relate to assessment decisions but they can also relate to other decisions, such as a decision to exclude a learner from a program. Clients should be encouraged to resolve complaints and appeals through your complaint mechanisms. If they are not satisfied with the outcomes of these processes they should contact Australian Skilly Quality Authority (ASQA) by completing the online complaint form – www.asqa.gov.au; and
- Where a decision or outcome is in favour of the student the RTO shall follow the required action and recommendation from the third-party mediator such as ASQA to satisfy the student's appeal as soon as practicable.

Note: Any complaints, appeals or grievance feedback not received within 14 days of the alleged incident may not be considered valid or acted upon. Only one formal appeal presentation will be entered into and the decision of the Learning and Development Manager and/ or Director/s will be final.

STUDENT BEHAVIOUR

We expect that fair and equitable treatment is a reciprocal arrangement and as such have documented guidelines for management of inappropriate student behaviour.

In the first instance:

Students will be asked to cease any behaviour considered inappropriate either by Course Facilitators, assessors, workplace or other students. No argument will be entered into in relation to individual perceptions about 'appropriateness' – if the behaviour has offended, then it will be considered offensive and is therefore inappropriate.

In the second instance

Failure to desist will result in a second request for specific behaviour to cease and may include temporary and short term ejection to allow for reflection and cooling off and/or written advice. These interventions will be used at the Course Facilitator/assessors discretion.

In the third instance:

Failure to cease inappropriate behaviour may result in ejection from class for the day (Any training paid for / organised by an employer or government agency will be immediately notified of the behaviour and actions taken by ASTRA).

ASTRA Group Services reserves the right to permanently eject students for ongoing inappropriate behaviour without course refund. This decision will be made on a case by case basis considering evidence at hand and level of inappropriate behaviour.

FITNESS FOR WORK

ASTRA recognise that a person's fitness for work may be hindered by a variety of factors. While ASTRA is responsible for providing a safe and healthy workplace, students are responsible for supporting ASTRA to enable the objectives of this Procedure.

As individuals, all students are responsible for ensuring their health and fitness for attending any training with ASTRA. As such, no person should attend or attempt training where their performance, decision making, judgement, concentration or coordination is knowingly affected.

ASTRA will, where appropriate, assist students with reasonable support to enable them to deal with fitness for work related problems.

SMOKING

ASTRA is committed to providing a safe and healthy working environment for all persons and shall regard smoking in the immediate vicinity of the workplace as an unacceptable risk exposure to the health and safety of others.

Irrespective of any other controls applied, ASTRA shall not permit smoking in any vehicle, enclosed building, workshop or work place areas.

Smoking may only be permitted within a designated "smoking area" and receptacles shall be provided for the safe disposal of cigarette butts.

SOLAR RADIATION & HEAT STRESS

ASTRA shall ensure all students receive instruction on obligations to wear appropriate clothing, including additional personal protective equipment and sunscreen relevant to the training being conducted.

Students undertaking training at any outdoors location may be exposed to harmful effects of UV and must ensure that all precautions are taken to protect themselves from UV exposure by means of appropriate PPE and the use of sunscreen.

FATIGUE MANAGEMENT

Fatigue may arise as a result of insufficient quality sleep, physical and mental workload, psychosocial and/or health factors or as a result of conditions within the working environment.

Fatigue can adversely affect safety during training. Please ensure you speak with your Training Facilitator or a member of the ASTRA Training team if you feel symptoms of fatigue that may affect your ability to safely undertake training. ASTRA provide suitable facilities such as air-conditioning, water facilities and rest amenities.

ALCOHOL AND OTHER DRUGS

All students must attend training as being fit for work. This includes:

- Present to training with a BAC of 0.00;
- Present to training free of any effects or influence of drugs;

- Notify the Training Facilitator or a member of the ASTRA Training team of any instances where they believe they may be adversely affected by the consumption of alcohol, effected or under the influence of drugs; and
- Bring onto an ASTRA training facility or receive from another person while on any ASTRA facility any alcohol or non-medication drugs.

ASTRA has a zero-tolerance policy for any breaches of a Students Fitness for Work.

Failure to meet fitness for work requirements may result in ejection from training (For any training paid for/or organised by an employer or government assistance agency, they will be immediately notified of the behaviour and actions taken by ASTRA).

ASTRA will provide the student an opportunity to rectify any breaches by providing to ASTRA a written request to re-enrol in training and to include a medical clearance from a Doctor. This decision will be made on a case by case basis considering evidence at hand and level of breach.

HEALTH AND SAFETY

We strive to provide a safe and healthy working and learning environment. Our Work Health and Safety Management Plan: BUS-POL-001 outlines our commitment to ensuring the safety of all persons who work for ASTRA and enter our premises and provides detailed requirements for conducting training with ASTRA.

FIRST AID

Please inform your Course Facilitator upon enrolment or arrival of any medical conditions such as allergies or conditions that will disrupt your ability to complete the program. This information will be kept strictly confidential unless a medical emergency arises at which time essential information will be shared as appropriate.

ASTRA's staff include appropriately trained First Aid Officers who have access to first aid kits, for any student who requires first aid attention whilst in any of ASTRA's locations.

EVACUATIONS

The introductory component of every public training program begins with a review of emergency evacuation procedures. In the event of an alarm sounding, please **do not panic** and follow the directions of your Course Facilitator calmly. Evacuation routes are clearly outlined at all office exit points.
